## PROFESSIONAL SUMMARY

React / React Native Health Tech Full Stack Developer

Creative and detail-oriented React/React Native Developer with 3+ years of daily coding experience building, deploying, and maintaining full-stack web and mobile applications. Strong focus on clean, scalable, responsive design, intuitive UX, and modern development workflows. Enthusiastic about building mission-driven products, with a background in design and independent artistic projects that foster a unique, user-centered development approach.

## EXPERIENCE

September 2024 - Now

### Synthesis (React Native Android App)

**Self Employed**  /

- Developed a cross-platform React Native app that streamlines designers' workflow by generating reusable design systems
- Integrated context-based state management and local storage for user data persistence
- Built accessible, themable UI increasing usability for design-focused users

May 2024 - August 2024

### RAWG Fullstack Game Browsing App

**Self Employed**  /

- Built a full-stack gaming web application using React, Node JS, Express, and REST APIs to fetch and display dynamic game data
- Integrated JWT authentication and protected routes for user login and personalized features
- Implemented service workers and caching for offline support and improved performance
- Designed a responsive, modern UI prioritizing clean game browsing and filtering experience
- Deployed using Heroku with Git version control and modular architecture for scalability

December 2023 - January 2024

### Nike Off-White Store Front-End Prototype

**Self Employed**  /

- Created a responsive front-end prototype using modern CSS and JavaScript to replicate a branded landing experience

- State Management: Context API, State/Hooks, Redux (learning)
- Backend/DB: Firebase, Firestore, REST APIs, Mongo DB
- Tools: Git, GitHub, Expo, VS Code, Figma, Adobe XD
- Deployment: Heroku, GitHub Pages, Vercel
- Other: Responsive design, Service workers, JWT authentication, UI/UX design principles

## HOBBIES

- Web Designer & Graphic Designer (2022–Present)
- Independent Music Artist/Producer (2017–Present)
- Music, Sports, Fashion, Martial Arts, Fitness and Arts background

- Integrated a sneaker API to fetch and display product data dynamically
- Built cart functionality with add/remove features and clear user flows
- Focused on clean animations, modern UI layout, and full mobile optimization

---

- 2013 - 2023

# Freelance Construction & Renovation — Haliburton, ON
